

EuroTrader 5000 | Coastal trader

The EuroTrader 5000 is optimized for transporting dry cargo such as bulk, forest products, project cargo, breakbulk and general cargo. In the design process special attention was paid to the underwater shape, resulting in low fuel consumption and good seakeeping, excellent ratio of the main dimension and high hold volume.

CLASSIFICATION	
DIMENSIONS	
LENGTH O.A.	89,52 meters
LENGTH B.P.P.	84,99 meters
BREADTH	14,72 meters
DEPTH	6,60 meters
DRAUGHT MAX	5,70 meters
DWT AT MAX DRAUGHT	4980 ton
GROSS TONNAGE	< 3000 ton
CAPACITIES	
HOLD	6350 m ³ 224000 cuft
BALLAST WATER	1600 m ³
PORTABLE WATER	50 m ³
FUEL OIL	235 m ³
PERFORMANCE	
SERVICE SPEED	11 knots

DECK EQUIPMENT	
WINCHES	1 pc elec/hydr anchor mooring, single drum, two warping heads 1 pc elec capstan on poopdeck
AUXILIARY EQUIPMENT	
GENERATOR	1 pc aux generator 253 kW 1 pc emergency generator 102 kW
ALTERNATOR	1 pc PTO 300 kW
HOLD HATCHCOVERS	
HATCHCOVERS	Pontoon type, watertight, grain hatches integrated
GRAIN BULKHEADS	1 pc grain bulkheads
HANDLING	Elec. gantrycrane
ACCOMMODATION	
	8 person accommodation
PROPULSION	
MAIN ENGINE	ABC- DZC- 1000 1326 kW @ 1000 rpm
CPP IN NOZZLE	2800 mm
BOWTHRUSTER	300 kW, electric driven, fixed pitch
